THE NEW

RAYMOND RECORDER

No. 2 Vol. 2 Thursday, March 23, 1951

THE RAYMOND LION

Easter is the most widely celebrated Sunday of the year. It is a day which is synonymous with new life. It marks the end of winter and the beginning of Spring.

The Christian world celebrates Easter in commemoration of the resurrection of Jesus Christ, not as a symbol but as an actual historical fact. No fact of history, preceding and up to the days that Christ walked on the earth, has been more completely established than the resurrection. This makes the Easter commemoration service as literal to the Christian world as would a Memorial Service for our own relatives and friends.

Let us hope that the natural joy and new life which come with Easter will bring to the world a resolve that universal peace shall replace the tormenting confusion that is sapping the morale of men and nations around the world. Easter is a season of glad tidings. May its impact spread over the entire earth.

The year 1951 is well on its way and all of us are earnestly hoping that it will end more peacefully than it began. However, we cannot sit back and trust that this will happen. It is only sensible to assume that in the event of full scale war our country will be affected by the ravages of the modern holocaust. This means that the demand of health and safety will be enormous. We as citizens of our community should immediately volunteer for some phase of this work. Only training and coordinated effort will make these units effective. Borrowing a wise slogan from the Boy Scouts, let's "Be Prepared," for it will save many lives and much property when the time comes. Remember our slogan: Liberty, Intelligence, Our Nations' Safety.

In a Democracy the vote of the majority becomes the rule. This is vital or how else could we establish law and order. A Lions Club is a democratic organization; it has rules and regulations. How else could it conduct itself as a practical organization? The rules were arrived at by majority decisions of club members. We may have voted against them or not voted at all, but still being good members we will abide by them. This I think is a fact we should remind ourselves of once in a while or else we may tend to become so ruggedly individualistic that there is not room for us in an organized society.

A man who does a little more work than he's asked to, who takes a little more care than he's expected to, who puts the small details on an equal footing with the important ones—he's the man who is going to make a success of his job. Each little thing done better is a thin wedge into something bigger.

When we get a little tired of the demands on our time for Lions' activities, let us remember the many events which have been put over by men just as tired and just as busy as we are. We cannot stand still; we must go forward with better things for the community. That is what a Lions Club lives for. And that is what has made the Lions famous the world over as "The World's Biggest Doers".

Mr. and Mrs. Jim Bridge entertained at their home Friday in honor of Mr. and Mrs. Byron Anderson. After a hilarious time making "Easter Bonnets", various other games were enjoyed. A very tasty lunch was served by the hostess.

Dr. and Mrs. Doug Allen of Calgary were out of town guests.

Alice Holmes returned home on Monday from Provo for a short visit with her parents, Mr. and Mrs. Myron Holmes, before leaving for Calgary where she will be employed.

4 Businesses Entered — Illegally

Those broken door windows along main street on Sunday morning were the work of a couple of local youths in search of money. The Pharmacy, Mercantile Lumber Office, Thompson's Furniture and Hall's Barber Shop were the unfortunate victims. Entry was made possible by smashing the door glass and reaching through and unlocking the door and then just walking in.

Their spree and freedom didn't last very long though because of prompt and efficient police-work by the town constable, Jack Pittaway.

Mr. and Mrs. Ira McBride were hosts at a lovely family dinner on Sunday with Mr. and Mrs. Wannop of Nanton, Mr. and Mrs. Ehler of Lethbridge and Mr. and Mrs. Bridge from Magrath being the out-of-town members of the family present.

Mr. and Mrs. Wes McMullen and Mr. and Mrs. Ern Nilsson motored to Medicine Hat on Monday to visit their niece, Mrs. Leah McKenzie, who has been ill. However her friends here will be glad to learn that she is now feeling much better.

If You Are Interested In Natural Gas Read This

Two enterprising young men paid a visit to Raymond today and brought what might be called good news.

Some time ago the citizens of this fair town were sorrowed to hear from the Gas Co. that there was no hope for a natural gas pipeline into town. It would not be financially feasible at this time. They can pipe the stuff clear across the continent and over the mountains but it would not be advisable to bring it to Raymond.

The glad tidings brought by E. M. Rasmussen and Bruce Nicholson of Calgary that if there were enough people interested enough and want natural gas bad enough they can have it — maybe. The two investment counsellors told the few citizens assembled at the Town Hall that the best, the quickest and by far the cheapest way to get gas into town was to drill for it. The combined geo-physical surveys and the present producing gas wells surrounding us make a strong argument for the affirmative on the question of whether gas is here or not. Mr. Rasmussen, who spent his youth in this district, said that in his opinion a producing gas well was almost a certainty in this area.

To drill a gas well costs money — lots of it — and the plan submitted today was that a company be formed locally for the raising of this money to finance the operation. If sufficient funds were not available in the immediate district shares could be sold elsewhere. The company headquarters would be located here and the president and secretary-treasurer would be local shareholders. The details of organization and other legal matters would be looked after by Mr. Rasmussen and his partner who would be paid for their labors and services with shares in the company plus a nominal amount of cash.

These men have the connections in Calgary to carry out these plans but the co-operation of all citizens of this district is needed before anything definite can be done. Anyone holding the mineral rights on their property in the surrounding district is asked to leave details of location and acreage with Warren Jones at the Town Office.

The question of natural gas for Raymond is a question of vital importance to each and every one of us and the matter should receive a great deal of discussion. We would like to suggest that every club in town use the time of one of their next meetings to give the matter careful consideration and then make your wants and wishes known. We again offer space in The Recorder for comments on the question.

The Third Ward Primary Officers and Teachers held a party and dance for the children last Wednesday afternoon and early evening. A Fish Pond was a big attraction for the children as was all the good things to eat.

Things You Should Know

(Continued from last week)

Our Temple Hill Cemetery is comprised of six blocks with 76 lots in each block and a seventh block that has only 28 lots. This last block is on the west side where many of the first graves are located. There are almost 900 graves in the cemetery at the present time.

A cemetery lot is 16 1/2 feet square and if the graves are dug in proper places there is enough room for six graves. In the past many have been put in the wrong location and to avoid this confusion the Board has secured the services of a sexton who digs all graves for a small fee. In some cases people have neglected to pay this fee and the money has to be paid from the Cemetery Board treasury.

Carelessness in the past in keeping records has resulted in much confusion and if you own a lot in the cemetery but have never made a check into these records you are asked to call at the Library where the Record Book is kept and bring the following information: Name of the deceased, date and year of death and the age of your loved one.

Have you a title to your cemetery lot?

These are a few of the problems that cause the Board a goodly amount of tribulation and they will appreciate it if you will accept your responsibility in the matter and give them your full co-operation.

Don't forget to attend the "LEST WE FORGET" Concert on Saturday night.

Your Government

By Andy Snaddon

The Canadian Parliament and the British parliament maintain a permanent record of proceedings, called Hansard. Shorthand reporters write down everything that is said, and these reports are later printed for distribution.

Alberta's legislature maintains no such record. It has been suggested that it should before, and during this session J. Harper Prowse, Liberal leader, and Elmer Roper, CCF leader, moved that some form of record be kept. Their motion enjoyed the endorsement of the Alberta division of the Canadian Weekly Newspapers.

The motion was lost, although a few government supporters voted in favor of it. Mr. Prowse and Mr. Harper suggested that recordings of major debates, mechanically, might be tried if it was felt a Hansard type of record could not be justified. They observed, quite rightly, that press reports, by their very nature, tended to stress highlights. They also argued that a permanent record would assist members and would also be of value to persons interested in full coverage of debates of particular interest to them. For instance, let us say, an editor of a weekly paper was interested in some debate of a purely local issue. He could refer to the legislative record for full details on what was said, but which would not likely be available in any other way. Further, he, or any interested party could count on the report being purely a straight report of proceedings, leaving them absolutely free to reach their own conclusions on the merit.

(continued on page three)

200 Honored Guests Feted

The weatherman repented of his ill temper on the first day set aside for the Honored Guests and brought forth sunshine and balmy weather on Wednesday when almost 200 Honored Guests gathered at the Opera House for their annual fling. The snow and biting winds of past weeks were obscured and forgotten in the bright smiles and sunny dispositions of these "Young in spirit" men and women as they sat down to a delicious dinner of set salad, corn, peas, roast beef and pork, dressing, pickles and favors, and the favorite dessert of millions—ice cream and cake.

After the dishes were cleared away and a very interesting program was presented with Orrin Turner as M. C., Jerome Platt and his father of Taber combined musical talents on the piano and violin to provide the music for some real old-fashioned dancing. Some of the Honored Guests showed surprising agility.

To fortify the inner man, a lunch of rolls, meat and cocoa with more ice cream and cake was served at about six-thirty, and at eight o'clock the Cody Orchestra struck the dance note and the old folks were joined by throngs of younger married "people for the remainder of the evening.

Honors for the oldest man present went to Heber Coles who has seen his 91st birthday, but the oldest woman could not be decided. Grandma Wilde of Wellington is the oldest in the district but could not attend the festivities. Arthur Dahl of Cardston, who was a member of the original committee, was again present to maintain his 100% attendance record.

The Honored Guests Committee have again done a wonderful job and already some of the Honored Guests are looking forward to next year's big time.

Della Paxman spent Easter at the home of her parents, Mr. and Mrs. Douglas Paxman.

Mr. and Mrs. Rex Thomas were week-end visitors from Great Falls at the home of Mr. and Mrs. I. S. Orgill.

Just Penning Thanks

(Margaret Huszar)

Thursday, long-awaited, eagerly anticipated Thursday, came at last. There was a special feeling in the air. It probably came from the puddles (putting it mildly) of water on the ground. The cases of absenteeism had risen sharply in the past twenty-four hours.

"Oh, but Mr. Jacobs, so-and-so had a chance to go to Lethbridge."

There was an excellent Guest Editorial in the latest Hi-Times on these "chances" to go places.

The Hi-Times was really full of jokes this issue. The art, again, was good. Only one thing bothers me: Have we moved February to the end of March? Somebody got an aspirin?

Wednesday night the girls and the "B" team were "playing off". The boys won, three cheers for them. The girls, well, need we bring up such a tender subject? They tried hard. The language, which was strongly expressed by nearly everyone next day in school, was certainly something to shock Grandma.

"That X & @ \$ % & % referee!" Which is a gross understatement.

Spring is here! De boid is on de wing. Gee, I tot de wing was on de boid!

We'll soon be having those individual stuff-days plus Sadies Hawkins week.

"But Mr. Jacobs, I had a chance to stuff."

Jean Dahl was home from Calgary for the week-end.

Mixed Bonspiel In Final Stages

The Mixed Bonspiel at the local Curling Rink is nearing the end of its 16-day existence with the top-dogs of the 48 rinks participating about to receive their glory — and their prizes. Monday night will see the end of the bonspiel that has been going from 5 p.m. to 1 a.m. for the past fortnight.

Although the winners have not yet been decided it is known that the winner of the Ben Kindt-Bill Hague draw will play the Heber Allen Rink for the first prize of the First Event. E. P. Huan, who left this morning for his home in Pathlow, Sask., defaulted his chance for the top prize of the Second Event but will receive number two prize anyway. The winner of the George Swedish-Ray Attwood contest will also be the winner of the first prize in the Second Event. There is not enough information available as yet to give the probabilities in the Third Event.

Following is a list of prizes to be won at the Mixed Bonspiel (which means that the third "man" on each rink must be a woman).

First Event: 1st prize - Waterman Crusader Pen and Pencil sets. 2nd prize - Trestle Tables.

Second Event: Card Tables and large Wall Pictures.

Third Event: Crown Bed-lamps and Mexican Ornaments.

Holmes and Redd Star In Ont. BB League

The Mormon Elders of the Ontario Intermediate "A" Basketball League won the Ontario championship with the help of two Raymond boys who carried a large part of the load throughout the season. Tom Holmes and Phyllip Redd played starring roles on the 8-man team that defeated the Tillsonburg Trojans in a two-of-three game series with the winning scores of 47 to 45 and 52 to 50.

Phyllip Redd was the hero in the first play-off game when he tossed a free-throw to break a tie and then the game was clinched for the Mormons by a one-pointer netted by Elder Wayne Randall. Holmes topped the scoresheet for both teams with 14 points with Redd scoring 8.

The Trojans won the second game. Holmes scored from centre with one second remaining to win the third and final game in the series against the Trojans who were considered to be almost perennial champions of the Ontario League. In a game that featured close checking and so quite a few fouls, the Mormons pressed into service Elder Lauder who played the last minutes with his hand in a heavy cast — the result of a game played previously.

Again Tom Holmes topped the score sheet and was considered hero enough to have his team-mates carry him from the floor on their shoulders.

After being presented with their trophies, the winner's cup and a sumptuous banquet the Mormons will travel east to play the winner of the Ottawa Valley-Quebec series. If perchance they were to hit a winning streak they would play again in New Brunswick and then in Nova Scotia in the Canadian title series.

What with Solon Low and his team of missionaries in Ottawa and the Hamilton Mormons playing championship ball many heretofore closed doors are now being opened with a smile and it is an honor for Raymond to have two such excellent representatives in the east as Tom Holmes and Phyllip Redd. Congratulations to them, their families and their town.

Help the Red Cross Go Over the Top

Raymond and District has reached a total of \$1,007.04 in its annual Canadian Red Cross Society campaign for a total of \$1,600. With just a few days left, Mrs. Hall, Campaign Manager, asks that everyone who has not yet contributed to the fund do so in order that this district may go over the top.

The Canadian Red Cross Society as a whole has set a quota of \$5,000,000 to enable the Society not only to carry on its peacetime services, but also to provide blood and blood products for Canada's armed forces.

Medical and nursing care in Canada, mainly concentrated in the Red Cross Outpost Hospitals and Nursing Stations, will receive \$865,556 of this 1951 budget. Services to veterans, both in and out of hospitals, will cost \$410,640.

A total of \$1,661,255 has been budgeted for the free Blood Transfusion Service, now operating in whole or in part of eight provinces, and planned to open in Saskatchewan this year. Almost 100,000 Canadians received free transfusions in 1950.

Civilian welfare services, including aid for disaster victims, research and instructional services call for \$257,044. Junior Red Cross will get \$213,000 and International relief, Women's work and special grants will cost \$279,764.

The work of mercy never ends — give generously to the Red Cross cause.

Kate Paxman is visiting in Lethbridge with her sister Della for a few days.

The New School Will Be Built

Last Thursday afternoon and evening 269 taxpayers paid a call at the Town Hall to cast their ballot in favor of building the new \$210,000 High School Building in Raymond. 21 people were against such a move and one ballot was spoiled.

Now that the consent of the people has been given, the School Board can go ahead and make application to the Board of Public Utilities for a permit to float the debentures, and to the Department of Education for their financial assistance. The architects can go ahead with their plans and bids can be asked for the construction work.

It is hoped that most of the outside work can be completed this summer so that construction can be carried on during the colder months. There is not much hope for the building being ready for the fall term but no time will be spent unnecessarily in finishing the job.

Capitol Theatre News

Monday, Tuesday and Wednesday of next week will bring the educational film "The Story of Bob and Sally" to the Capitol screen.

"The Story of Bob and Sally" does not mince words or thoughts but frankly and fearlessly strikes right at the heart of the subject of marital incompatibility, connubial psychology and the biological urges of youth. It is a vivid visual presentation that boldly turns the searing searchlight of truth on conditions and facts as they actually are.

On Friday and Saturday of next week the Capitol is presenting one of the most unique and thrilling of all screen productions, "Destination Moon". Truly it is fantastic but in this day and age anything can happen. Be sure and see this outstanding motion picture.

Watch for a brilliant motion picture that will be shown at the Capitol on April 11th and 13th. It is "Red Shoes" and if you want enjoyment at its best reserve one of the above dates.

Serving one of Canada's richest irrigated mixed farming districts.

To celebrate the beginning of our third year of marriage, which began on the 23rd of March, we had my Dad and Mother from Magrath as dinner guests on Sunday. Again my good and lovely wife surpassed her previous successes and prepared a most delicious fried chicken dinner, topped off with an angel-food cake just exactly like you see pictured in the ads. We had a wonderful time.

We are glad to have Mr. and Mrs. J. S. Pollis and Robert living at "The Castle".

Mr. and Mrs. Delbert Oler entertained at a surprise birthday party in honor of Mose Fomm Monday evening. Rook was enjoyed, with high scores going to Ruth Fromm and Rex Nielson and consolations to Lucille Evans and Jack Evans.

A very delicious lunch was served by the hostess.

Mrs. Kate Card entertained in honor of Mrs. Effie King from Olds and Mrs. Shirley Anderson from Montreal, Thursday afternoon. Three tables of bridge were in play with high score going to Mrs. Anderson and consolation to Mrs. Hellawell. Guest prizes were presented to the honored guests, and a delicious lunch was served.

John Gillespie of Bow Island has been visiting at the home of Mr. and Mrs. V. Piepgrass for the past week, the guest of Janet Piepgrass.

Charles Romeril Jr. has been very ill in the Cardston Hospital for a few days.

Six year old Diane Gough was thrilled on Monday when she heard a special birthday request on the radio that her brother Delbert had sent from Newcastle-on-Tyne, England.

Last Saturday Jim Heninger entertained in honor of the missionaries from here who labored in the Australian mission. He showed his colored films, some of which must have brought back pleasant memories to those gathered. After much conversation and a delicious lunch, the guests regretfully said goodnight.

Chris Tollestrup, accompanied by his son David, left Wednesday for a holiday in Utah. They will spend a couple of weeks visiting relatives and friends in Gunnison and other points.

Mr. and Mrs. Ken Shaw, Lorraine Shaw and Mr. and Mrs. Bill Kinsey spent the Easter week-end in Spokane.

The Wednesday Night Club met at the home of Mrs. Myrtle Bacon last week for an enjoyable Easter Party. The highlight of the evening was perhaps the judging of the Easter Bonnets made especially for this occasion. Thelma Turner and Olive Fisher won first and second prizes.

The remainder of the evening was spent playing Bingo, the prizes for which being 'white elephants' brought by the guests.

A very delicious lunch was served by the hostess.

Little Glenda Bullock is celebrating her fifth birthday this week with a party for some of her friends.

Mrs. Martha Woolley visited in Cardston over the week to celebrate her mother's, Mrs. Hattie Thomas, birthday with her.

Pat Mitchell, Betsy Shaw and Carma Paxman were down from Calgary for the week-end.

Dr. Orson Bingham, accompanied by Bishop Snow, motored to Banff on Friday with members of his Fourth Ward Priests' Class. Vede Gilchrist, Karl Winkler, Glen Litchfield and Dwayne Atwood.

They all had a wonderful time on Mt. Norquay watching the ski jumps.

Mr. and Mrs. Harry Allan (Winnie Mitchell) of Calgary, the guests of Mrs. R. A. Nalder, visited relatives and friends over the long week-end.

Keith Hancock and Eddie Kubota were home for the Easter week-end from Calgary.

THE GIFT OF QUALITY

Lucille and Elaine Thompson were home for the Easter week-end.

Protect your herds!
One injection of
BOVIGEN will cut your losses from Blackleg, Malignant Edema and Shipping Fever

Now . . . you can get safe, dependable, low cost protection against Blackleg, Malignant Edema and Shipping Fever. And . . . instead of having to vaccinate separately for each disease . . . you can do the complete job with one injection of Bovigen . . . the "triple antigen" that gives three-way protection.

Don't Wait . . . Vaccinate
If you wait until your animals show signs of Blackleg or Malignant Edema, you may be too late to do anything about it. Usually, an animal infected with either of these diseases will die in 24 to 36 hours. So . . . the thing to do is check disease before it starts. And, the way to do it is . . . vaccinate with Bovigen. Remember . . . Bovigen is a preventative. You get the full benefits . . . cut costly losses . . . when you use it before disease starts.

Only Costs a Little to be Safe
When you consider that one dose of Bovigen protects a

gainst three diseases . . . the cost per dose is surprisingly low. Then, too, you save time in injecting . . . one operation instead of three.

Simple and easy to administer . . . all you do is follow the instructions. They're in every package. Bovigen comes in three handy sized bottles . . . 6, 10 or 25 doses per bottle. Get the size that suits your herd.

Bovigen is supplied by the

Mrs. Molly Kitchin of Saskatoon and Mrs. Eloise Walker of Vancouver are visiting at the home of their parents Mr. and Mrs. D. A. Bennett.

YOUR GOVERNMENT
(Continued from page 1)

Premier E. C. Manning replied for the government. He said consideration had been given to the idea but it had been rejected because the government felt that mechanical recordings were not adequate. To hire court reporters and to pay printing costs of a Hansard report would be more expensive than the demand for such a service justified. He noted that a great deal of trivial and inconsequential material would have to be recorded and it would be of value to no one.

Government members voting for the motion were: F. C. Colborne, Calgary; Peter Chaba, Redwater; Wm. Tomlyn, Willingdon; J. W. Beaudry, St. Paul; H. E. DeBolt, Spirit River; Norman Willmore, Edson; O. B. Moore, Ponoka. Opposition supporters included Mr. Roper, Mr. Prowse, A. J. E. Liessemer and Hugh John MacDonald of Calgary. Arthur Wray, Banff-Cochrane, A. V. Bourcier, Lac Ste. Anne. The government vote against totalled 33.

Alberta's coal industry received support from the legislature. A motion was introduced by William Kovach, Pincher Creek, and Norman Willmore, Edson, asking that the federal government refrain from the proposed policy of lifting a subvention paid per ton of coal shipped to the Ontario market.

These members noted that the present rate of \$8.40 a ton would be stopped April 1 and an additional \$2.35 added then plus another \$2.35 a ton in a year, making a total of \$13.10. This would have the effect of making Alberta coal non-competitive because of price on the Ontario market. For defence reasons alone, a part of the Ontario market should be retained, otherwise many Alberta mines would close and would not be available in an emergency. They also emphasized the serious effect on persons who made their living mining coal.

Premier Manning, in joining in the general agreement with the proposed plea to the federal government told the legislature that the government was co-operating with Alberta coal operators against the lifting of the subvention paid on coal shipments. He also announced that J. J. Frawley, cabinet counsel who had done an "out standing" job on the province's freight freight rate submissions to the Royal Commission on freight rates, would leave for Ottawa to present the province's views on why coal should be protected to the board of transport commissioners.

With very little objection the legislature gave final approval to the \$94,000,000 budget at the night sitting two weeks after the budget was introduced. Every item of expenditure is considered by the members before the whole budget is passed.

**1951
CAMPAIGN**

Thursday night after Mutual the Music Club met at the home of Mrs. Gladys Gough. Gen Hawkins presented an interesting paper on George Gershwin, after which the time was spent in practicing.

Gladys, and Maybelle Anderson as assistant hostess, served a very tasty lunch.

Marie Kinsey has been visiting her husband Shirley for a couple of weeks in Detroit where he is taking a tune-up course.
